# Introduction

Many people take little things for granted, like high school annuals. This year's annual is a special effort by some special people. Many thanks go to Mr. Frago. Mr. Farr and Mrs. Adams worked especially hard to make this annual possible. There were also many students who came in and helped when we really needed it.

For seniors this is the last memento they will ever receive from Gustine High School. It's the end of four years of laughing, loving, and learning. It holds some of our most treasured memories. In it are victories and defeats. These pages forever preserve a small part of our lives.

There are three more years for the freshmen to experience victory and defeat. Three more years to make memories which will last forever.

There have been many rough spots; but we made it over them. It took a lot of time and effort but we think we did a pretty good job.

So, the 1979 Yearbook Staff would like to present to you the 1979 Redskin Yearbook. We hope you enjoy it; and in future years look back on it with delight and just a little bit of sadness.

## Frank-ly Speaking-

by Frank Farr

May 20—Two weeks ago a very small but highly dedicated group of students and I set out to complete an annual. That meant producing 66 pages of a 144-page book in 14 days.

An energetic lady who doesn't know the meaning of the word "can't" and another pair of willing students started a week earlier to raise the \$3,500 it would take to get that yearbook printed.

That lady was librarian Laverne Adams. The kids who helped were Kim Cano and Shella Ford. Shella had to take time out for a couple of fairs but Kim hung in till the bitter end.

The response of area merchants was fantastic, and the yearbook is paid for.

For whatever reasons and frustrations, the old annual staff had thrown in the towel, and the word was there would be no annual this year. Much credit for our being able to complete the yearbook is due to Lisa Wieser, who started out as editor, and Diana Costa, who was in charge of finances. They gave our new little crew lessons in what to do—lessons we badly needed as total strangers to the yearbook business.

If you enjoy this book, thank the people

named above, and thank some sophomore girls who also don't know the meaning of "can't"—Dinah Kaufmann and Cathy DeGregori, who worked every night for a week throwing pages together. Give Dinah a big plus for spending her weekend at the Gustine Standard pasting up pages as fast as she could cut out pictures. Thank Lynette Caetano and Annie Julio, who put in night hours sweating in Room 4 and swatting mosquitoes to help get the yearbook out.

On the other hand, if you're the sort who likes to criticize, you're going to have a field day with this book, which is more like a sort of family album than a formal annual.

Many, many things were not done because we simply ran out of time. (These pages must be in the mail tomorrow).

For example, Kim and Annie, if I had photos of you tonight, I'd put them on this page too. Some teachers are left off the staff pages, and many other things were left out—and we're sorry.

But for all that, I'm immensely proud of my little crew for doing so much so fast!

# Sophomore Class Officers

The Sophomores, Class of 1981, have experienced many new beginnings. Coming up to high school two years ago was a big step in our lives; but because of the strong unity and the closeness of the class as a whole, we have made it thus far with much enthusiasm - you know, the kind of stuff we'll need to make it through two more years!

Yep, we, the Class of "81," have a lot going for us, especially a lot more good times ahead; and it's those times we'll remember when it's our time to graduate!

This poem is  
To all the boys  
From all of us  
Who make the noise  
We've been thru thick  
We've been thru thin  
We showed them all  
That we could win  
We always cared  
We always will  
Win or lose  
We love you still  
No matter what  
We're proud of you  
We'll always be there  
To help you through  
So keep on fighting  
Until the end  
Cause we can win  
And will win again  
Love.

Cardio Pulmonary Resuscitation (CPR) came to Gustine High this year when Principal Pat Ryan and Merced County Fire Dept. officer Eugene Jacks got together to make up a CPR unit for GHS. Several students learned the life-saving techniques, and two, Debbie Borba and Greg Opinski, earned advanced CPR credentials (along with Mr. Larry Shaw and Mr. Jerry McAdam) at Castle Air Force Base.

# Candy Strippers

Sandra Sanders, Linda Livingston, and Lori Jones

Dan Avila, a 1978-'79 senior, is the first male Candy Stripper ever as far as anyone we contacted knows. Nonetheless, he worked as long and as hard as his female co-workers; and he was just as successful as the girls.

The girls with the happy faces and big hearts.

Helping hands willing and ready.

Linda is there if she is needed.

Over the years, the Candy Strippers have shrunk to a small, but dedicated group. This year, these four students perpetuate the organization under the leadership of their advisor, Mrs. Sweet.

Linda and Lori, working as a team; Dan, working by himself; and Sandra, another lone worker work at the San Luis Convalescent Hospital in Newman for two hours every Monday, Wednesday, and Friday respectively. They read to the elderly patients, talk to the patients, do odds-and-ends for the nurses so the nurses may provide better treatment for the patients, and generally make themselves useful. These four people are welcomed always there.

# LIBRARY

## LITTLE DO THEY KNOW!

To the students at GHS, the library can represent all the establishment seems to be fighting: "corruption," "riots," fiendish fun and good times.

Actually, the library is somewhere a student, or a group of students can kick back and read (or "flip thru") or just get in on a few laughs.

This room and its overseer, Mrs. Laverne Adams, is a project center of the campus. In here, money-making schemes are dreamt of (and put into effect), class meetings are held, club meetings are held, and general gatherings take place. At lunch, before and after school, and during classes, a person is sure to find someone in the library.

Left to right, top row: Cherie Pettit, Carla Krogh, Carol Tanner, and Aurelia Bettencourt. Middle row: Janet Lawrence, Frankie Borrelli, Julie Julio, Delores Faria, Jackie Martin, and Sharon Borba. Bottom row: Advisor Frank Hamasaki, Juanita Terry, Stacy Perriera, and Vera Sanders.

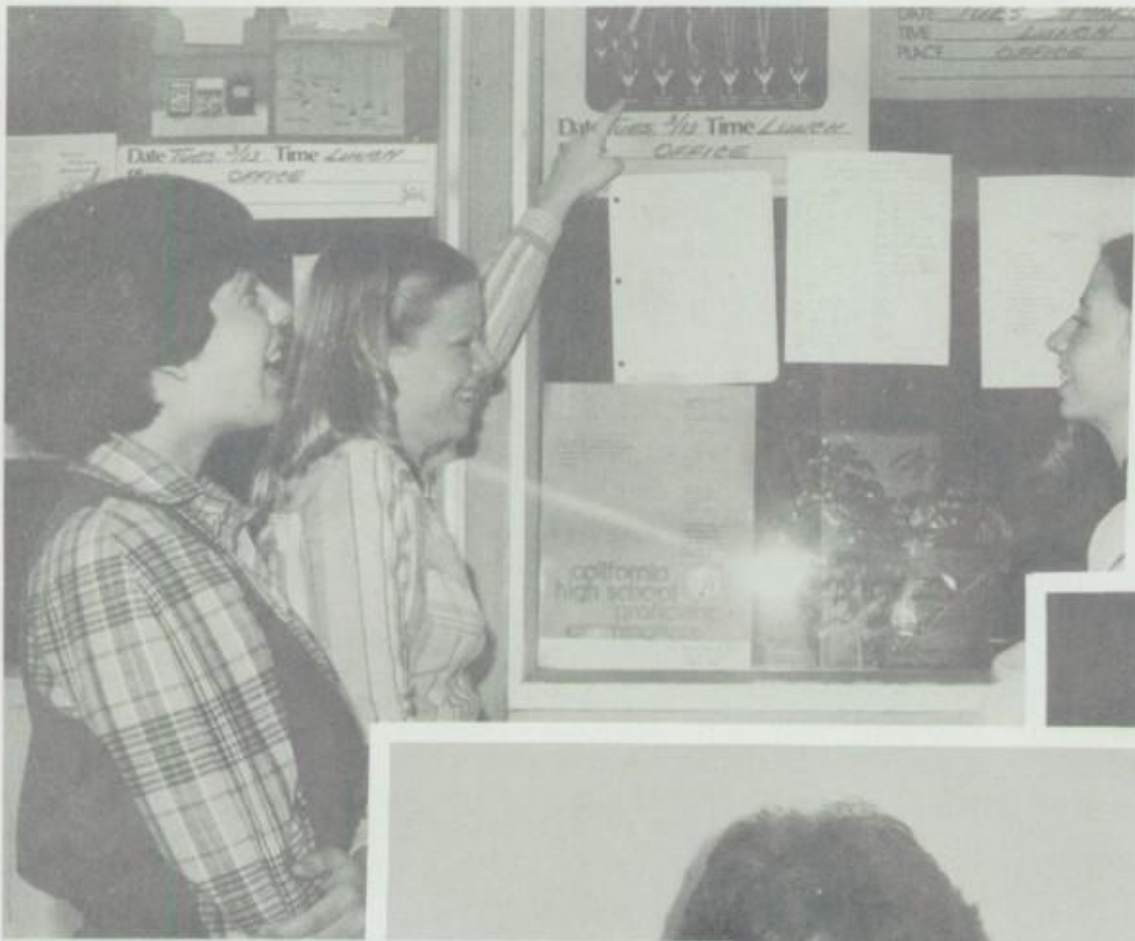

The purpose of the Office Occupation class is to prepare students for the world of work. In doing so, students have contributed their skills in clerical services for the school. In addition, students are placed in the community to work as bank, accounting, and insurance clerks for on-the-job training.

What are they up to now?

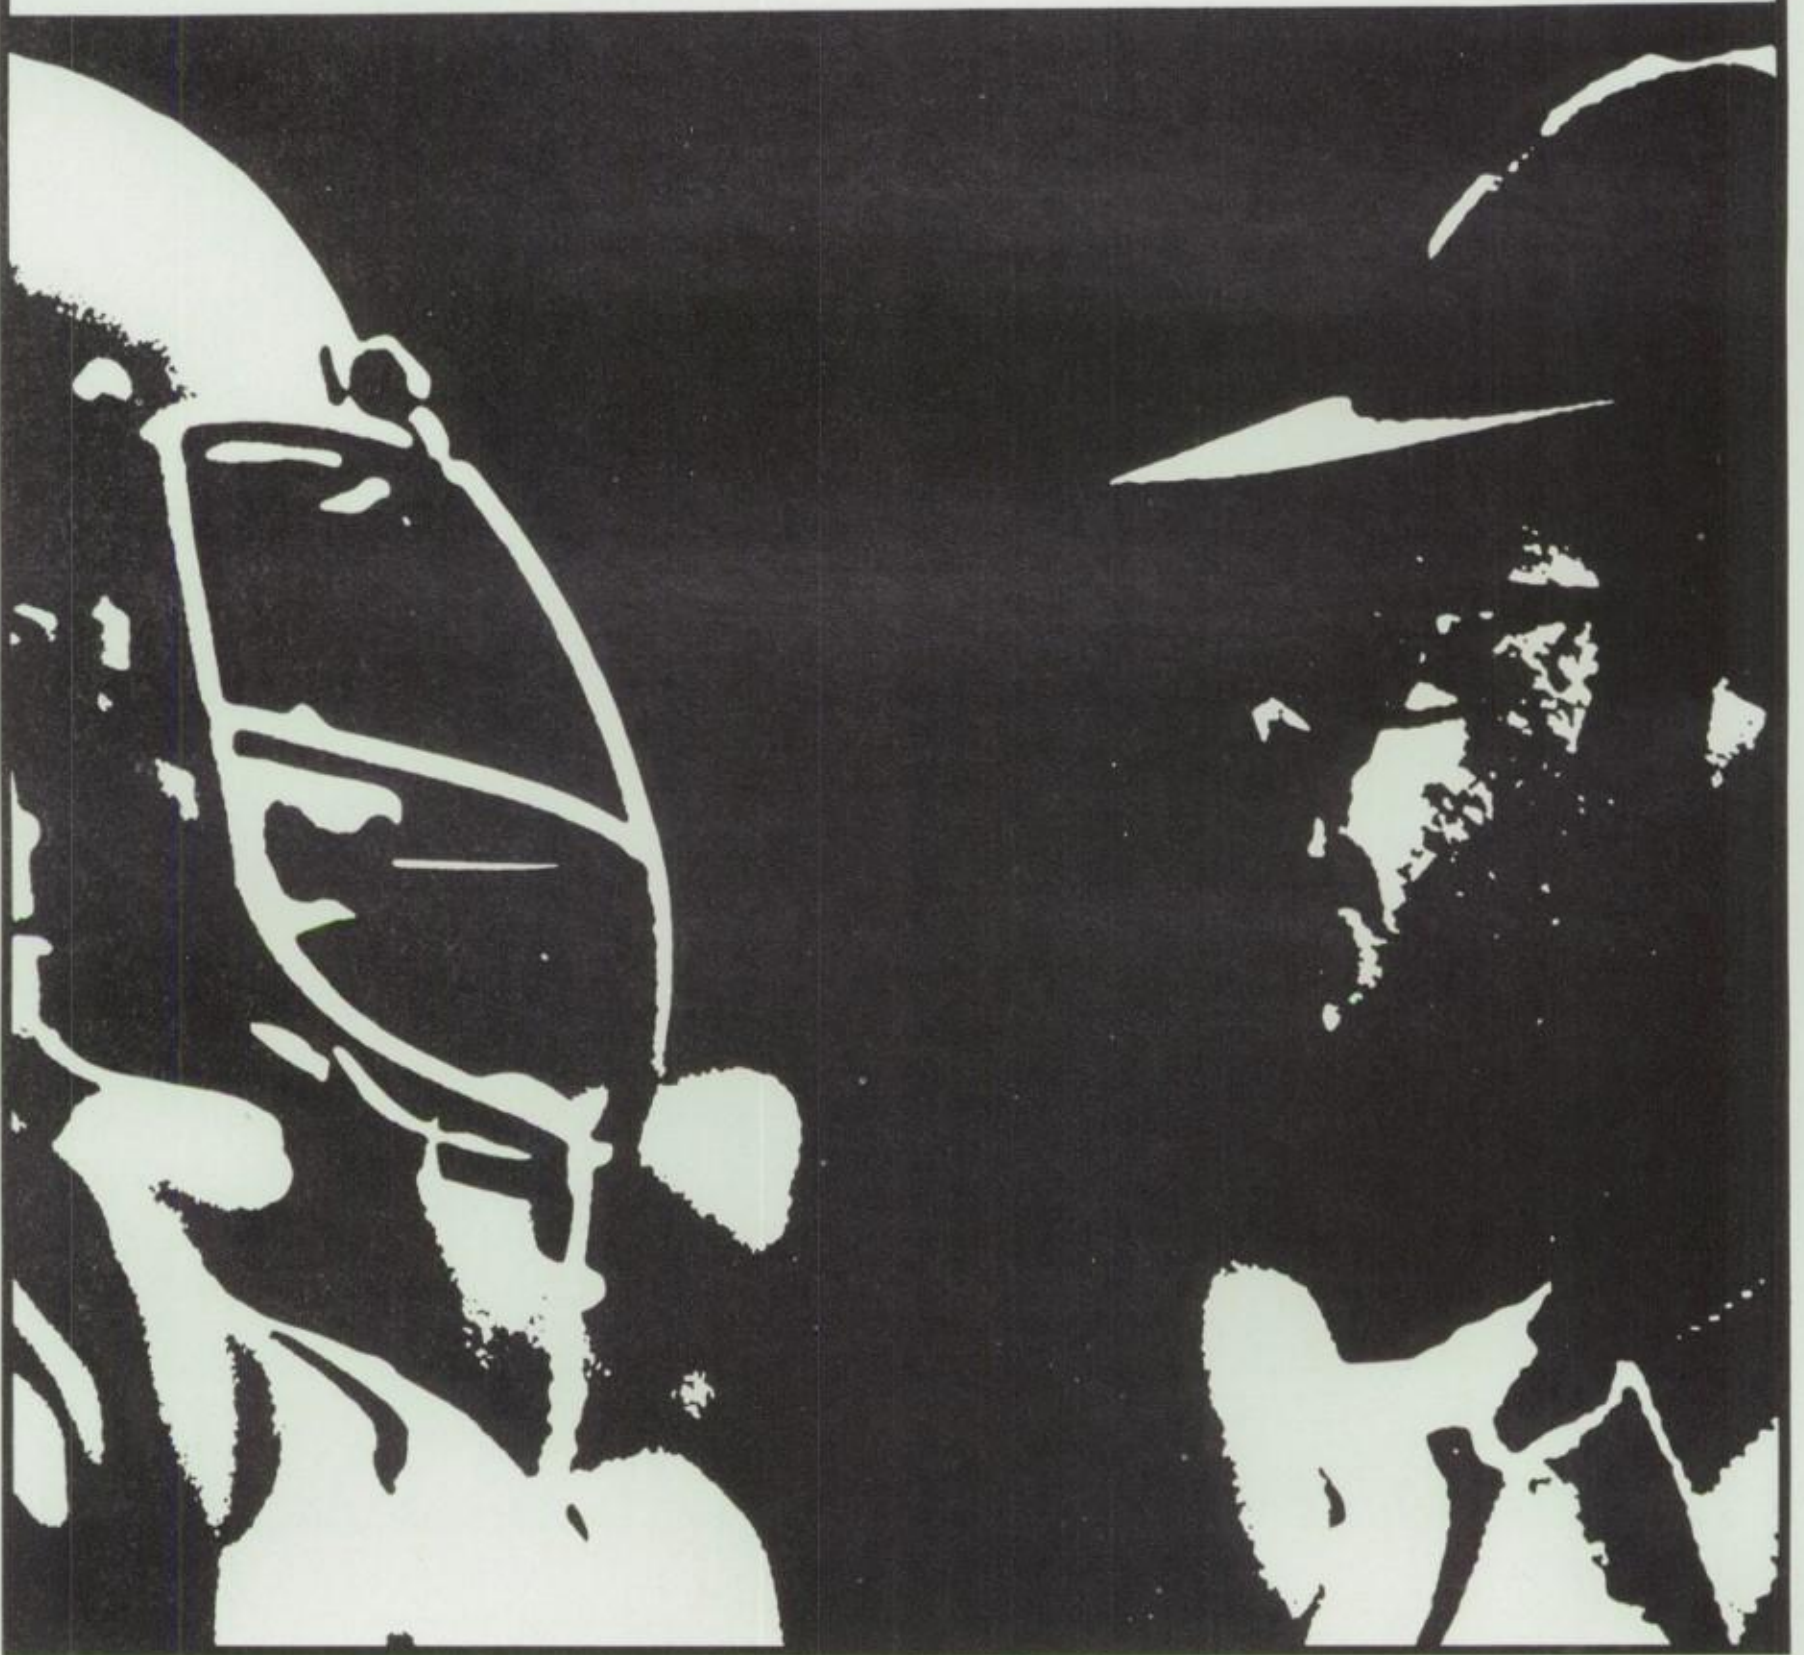

# SPORTS

# Varsity

The highlight of this year's shortened season was a hard fought, zero to zero tie against the Orestimba Warriors of Newman. This game was hailed as a moral victory for the under-dog GHS Redskin team, and generally treated as one. Of eight planned games, only six were played; the last, an ill-fated contest in Mariposa, left our small squad crippled beyond medical safety needed to carry out the season. The worst injured in the melee was our quarterback, Chris Cota, who survived a one out of nine chance of death or paralysis and lived to wear that head brace until December. After those injuries, the squad shrunk to about twelve members, much too small for eleven-man, four quarter football. A remarkable quality of this team is that thru friction with each other, injuries, and friction with their coaches; they were still able to play as a team, and to be a team with guts a' d spirit.

Our J.V. football team did a great job this year; they played as a team and fought as a team. At the end of the season we were in fourth place with four wins, three losses, and one tie. Three of the four wins were won in the last two and a half minutes. In the game against Yosemite, we came up from 22-7 to win 22-32.

One outstanding statistic was set by Steve Grisct. Out of 96 passing attempts, 51 were completed. The Varsity team will be receiving a good bunch of Sophomores for next year says Coach Hughes.

"We, the G.H.S. Redskin Basketball Team of 1978, have experienced a season that can never be matched. We loved the game, each other, our coach; and this was our team, on and off the court. We will never forget those incredible and painful times of victory and of defeat. (We also loved our song and cheerleaders who supported us thru out the season). A team with no talent, it was said; but our hearts outweighed even the best of talent, and we were winners!

This was our team, needing and depending on each other - with unexplainable glory.  
Together for a short season of basketball. - with memories lasting forever."

Seven teams were invited to the 1978-'79 Basketball Tourney in Gustine to make a total of eight teams. Livingston and Denair played in the Championship game with Livingston winning 1st place and leaving Denair in 2nd place. Patterson beat Newman for the Consolation trophy and Ripon Christian beat Los Banos for 3rd place. Hughson came in just ahead of Gustine to finish the placing. Gustine's MVP was Tim Ranuio who also was named the second highest scorer of the tourney with his 70 pts falling just behind Ripon Christian's Dan Reyneveld 74 pts. The All-Tourney team was made of Alan Banks, Booth Borcharding, Rudy Franco (all of Livingston), Mike Terpstra, Dan Reyeoeld (both of Ripon Christian), and Morrison Elliot (of Denair). Rudy Franco of Livingston was elected as tourney MVP.

Pep Talk

This year's varsity team had a good squad but a disappointing season. The varsity gave 100% every game, played a lot of close matches and always kept that Redskin spirit.

J.V. Team Back Row; Coach Fernandes, Janet Lawrence, Wendy Burget, Stephanie Gomes, Kathy Moniz, Vikki Williams, and Lori Renfrew. Kneeling: Dinah Kauffman, Sharon Borba, Kelly Keas, Kathy Freitas, and Kim Kirpatrick.

Practice makes perfect.

Kelly waits for the set.

Kathy takes it high:

Rookie Team: Coach Loren, Karen Menezes, Shari Rocha, Lucy Costa, Bernie Vierra, and Celeste Mendonca.

Stephanie takes it low:

and Dinah will take it another day.

The J.V. Volleyball team did their best this year. They played well and won a lot of games, They lost a few also. They were under the guidance of Mr. Fernandes. Let's all give them a "big hand."

# Gustine High Girls Softball -

The hard-working, crazy bunch of girls on the softball team wound up in third place.

There were 20 girls on the team, with 10 veterans. Softball was fun, and the competition was good.

Throughout the season the team improved. The defense was exceptional. Miss Sorensen devoted hours of her time to bring the bunch to a successful team.

On May 19 the team took a trip to Marriott's with the money they made from the bake sale. All in all, it was a good season.

# !!!Bonfire!!!

The Homecoming Bonfire is one tradition many schools have dropped over the years as a bother; not so at GHS!

The Homecoming Bonfire and its preceding Rally Parade up and down Main Street is still strong and very well attended at Gustine.

This year's Parade had a special new feature of decorated cars, hopefully this will become part of the yearly tradition.

As usual, the pep & regular band supplied the tunes the song & cheer leaders, the cheers; and the awaited royalty, the animated suspense.

# DEDICATION

In his few years as Gustine High School history teacher and coach, Mr. Hennes has earned the respect and affection of his students, and in this, his final year here, they have chosen to show that regard by dedicating this yearbook to him and to another teacher also in his last year, Mr. John Ryan.

Through research projects as well as regular assignments, Mr. Hennes's students have learned something of the meaning of history; and through his own example of hard work and high principles, the athletes who have worked with him have learned the meaning of sportsmanship. Best of luck, Mr. Hennes.

This testimonial to Mr. John Ryan, who has announced his retirement at the end of this year, is being written by his colleague, annual advisor Frank Farr. When students chose to honor him with this dedication, they were good enough to let me write it. What to say in 11 lines? There's not room to name the countless students who begged, "Please let me in Mr. Ryan's Class. He understands us if we're not smart or if we have to work every hour out of school." No room to describe those who traveled to Modesto to see him in the hospital. There's not really enough space to do right by a scholar who still quotes Latin and Greek and whose general, overall knowledge may be the most extensive on the high school staff - but whose boundless compassion for non-scholars has led him to spend most of his teaching career with them.
